THREE DAYS IN WARSAW

MEETING AT A GLANCE

THU 10 SEP

Diagnosis, Trichoscopy & Therapy

Scientific sessions followed by the Welcome Cocktail Party with finger foods, drinks, DJ and dancing at the congress venue.

FRI 11 SEP

Surgical Science & Complex Cases

Scientific sessions followed by the Gala Dinner at U Wieniawy.

SAT 12 SEP

Live Surgery & Educational Workshops

Morning activity from 09:00, educational workshops from 10:00 and afternoon surgery from 13:00.

REGISTRATION DESK

CONGRESS CENTER

WEDNESDAY, 9 SEPTEMBER · 17:00-20:00

THURSDAY, 10 SEPTEMBER · 08:00-16:00

FRIDAY, 11 SEPTEMBER · 08:00-16:00

Program updates and meeting-point information are also available at the desk.

SPECIAL THANKS

We warmly thank Dr. Jakub Miszczyk for his invaluable on-site help and support in Warsaw, and the Warsaw on-site team for their contribution to the meeting.

WELCOME IN WARSAW

Ladies and Gentlemen, esteemed colleagues, dear friends,

It is my great honor to welcome you to the 14th Annual Meeting of FUE Europe, here in the historic and vibrant city of Warsaw. As we gather in the distinguished Crowne Plaza Hotel, we come together not only as surgeons, but as a global community committed to advancing the art and science far beyond Follicular Unit Extraction, shaping the future of hair-restoration medicine.

Our field continues to evolve at remarkable speed. Techniques refine, technologies expand, and patient expectations rise. Yet the true engine of progress remains unchanged: the collective expertise, curiosity, and collaboration of surgeons like you, who dedicate their careers to excellence and innovation. This meeting stands as a testament to that shared commitment.

Over the coming days, you will engage with pioneering research, explore new surgical approaches, and participate in discussions that challenge established ideas. You will

meet colleagues from across continents, exchange experiences from diverse clinical environments, and build connections that strengthen our international network. These interactions are the foundation upon which our specialty grows.

Warsaw, a city shaped by resilience, renewal, and cultural richness, offers a fitting backdrop for our mission. Its history reminds us that progress is built through perseverance and collaboration—values that resonate deeply within the FUE Europe community. I hope you find inspiration not only in the scientific program, but also in the spirit of this remarkable city.

As President of FUE Europe, I extend my deepest appreciation for your dedication, your contributions, and your willingness to push boundaries. Your work transforms techniques, elevates standards, and—most importantly—changes lives. I wish you productive discussions, meaningful connections, and an unforgettable experience throughout this meeting.

A handwritten signature in blue ink, appearing to read 'Anastios Vekris'.

Dr. Anastios Vekris

THURSDAY, 10 SEPTEMBER

DIAGNOSIS, TRICHOSCOPY & THERAPY

07:30-16:30		Registration	
Start	Min.	Presentation	Speaker / Moderator
08:30	4	Future	Dr. Anastasios Vekris
08:34	3	Scientific Program	Dr. Christian Bisanga
08:37	3	Vission & Mission	Dr. Ozgur Oztan
08:40	3	Partner Tricomed	Dr. Miguel Marti
DAY 1 Diagnostics, Trichoscopy & Indications			
Session 1	The Correct Diagnosis Before Hair Transplant		Moderator: Dr. Carolina Palacio
08:50	10	Trichoscopy for Hair Transplant Doctors	Dr. Christian Bisanga
09:00	10	Trichoscopic Signs as a Guide for Evolution and Prognosis	Dr. Martha Rubio
09:10	10	Ultrasound Characterization of Structural and Vascular Alterations in Frintal Fibrosis Alopecia	Dr. Carolina Palacio
09:20	10	Tips and tricks in Trichoscopy	Dr. Lizet Rojano
09:30	10	Beyond Aesthetics: The Impact of Androgenetic Alopecia on Quality of Life in Hair Transplant Candidates	Dr. Dimitris Alexandris
09:40	20	Panel Discussion & Q&A	
10:00	20	COFFEE BREAK	
Session 2	Medical Treatment		Moderator: Dr. Miguel Martí
10:20	10	Practical Capillary-Metabolic Algorithm	Dr. Franz Joseph Bern
10:30	10	Therapeutic Variations and Safety Profiles of Antiandrogens	Dr. Miguel Martí
10:40	10	Minoxidil vs Phytochemicals: Evidence-Based Therapeutic Options	Dr. Kuldeep Saxena
10:50	10	Sports, Supplements and Hair Transplantation	Dr. David Vega
11:00	10	Nutrition and Hair Health	Dr. Karen Durban
11:10	10	Advancement of therapeutic approaches for genetic alopecia and their integration into hair restoration procedures via standardization based on evidence-based medicine - a comprehensive analysis	Dr. Bruce Reith
11:20	10	Vitamins, minerals and dietary supplements in hair loss	Dr. Edyta Kutera
11:30	10	Q&A	

THURSDAY, 10 SEPTEMBER

REGENERATIVE MEDICINE

Session 3		Regenerative Medicine: Science, Evidence & Clinical Practice	Moderator: Dr. Ryan Welter
11:40	10	Regenerative Scalp Optimization	Dr. Auda Rusdin
11:50	10	Cirino Regenerative Technique Before and After Hair Transplantation	Dr. Pablo Cirino
12:00	10	Autologous Progenitor Cell Micrografts + PRF	Dr. Mohamed El Mouttaki
12:10	10	Latest Evidence on Polynucleotides	Dr. Fanny Ponce Barahona
12:20	10	Exosomes as Graft Holding Solution	Dr. Vikram Rathore
12:30	10	Standardization Challenges in Platelet-Rich Plasma	Dr. Piotr Dryzalowski
12:40	10	Q&A	
12:50	60	LUNCH BREAK	
Session 3		Regenerative Medicine: Science, Evidence & Clinical Practice	Moderator: Dr. Ryan Welter
13:50	10	Regenerative Hair Restoration: A Personal Approach	Dr. Richard Chaffoo
14:00	10	Nanofat Grafting	Dr. Mughese Amin
14:10	10	Biological Boosters in Hair Transplantation	Dr. Ajara Sayyad
14:20	10	From Conventional Mesotherapy to Biostimulatory Regeneration (Omit Exosomes)	Dr. Mir Shah Nawaz
14:30	10	Lifetime Hair Mass Optimization: Integrating Regenerative Modalities into Modern FUE Practice	Dr. Ryan Welter
14:40	10	A Regenerative Approach To “Impossible” Corrective Scars	Dr. Nuttorn Narupaves
14:50	10	Use of the Fotona Er:YAG Laser in the Treatment of Male and Female Androgenetic Alopecia	Dr. Thais Martins
15:00	10	Standardized Mechanical Processing of Autologous Adipose Tissue for Scalp Application: Technical Description and Biological Rationale	Dr. Marianna Correia Fortes
15:10	20	PANEL DISCUSSION: Current evidence and future directions and Q&A	

THURSDAY, 10 SEPTEMBER

INDUSTRY INNOVATION & PATIENT PERSPECTIVE

Session 4			Moderator: Christian Bisanga
15:50	10	Luxxera	Dr. Mo Khaki
16:00	10	Trichopat	Hubert Lacki
16:10	10	Reoneer - Point-of-Care Platelet-Derived EV-Enriched Plasma: A GMP-Free Approach	Ferruh Aydin
16:20	10	Exosmart (TM) and the Complete Secretome	Dr. Christian Bisanga
16:30	10	Clinical Outcomes of CVD Lab-Grown Diamond FUE	Dr. Tayfun Oguzoglu
16:40	10	Q&A	
Session 5			Moderator: Dr. Kavish Chouhan
16:50	10	Building Trust Between Patients and Surgeons	Spencer Stevenson
17:00	10	Do No Harm, Watch It Grow - Building Barriers Brings Better Patients	Joe Tillman
17:10	10	Marketing Strategies & the AI Revolution	Steven Tait
17:20	10	Hair Transplant Tourism: Expectations vs Reality	Peggy Stavrianou
17:30	10	Marketing Gone Wrong: Why I Waited 15 Years for My Hair Transplant Abroad	Nick Weeks
17:40	10	The Influence of Social Media on Patient Decisions	Matt Dominance
17:50	10	What Hair Transplant Patients Value Most: Lessons from Thousands of Patient Consultations	David Anderson
18:00	15	Q&A	

WELCOME COCKTAIL

FRIDAY, 11 SEPTEMBER

SURGICAL SCIENCE & PLANNING

Start	Min.	Presentation	Speaker / Moderator
Session 1		Surgery from plan to performance	Moderator: Jakub Miszczyk
09:00	10	Anaesthesia Techniques	Dr. Jakub Miszczyk
09:10	10	Hairline design - Male and Female differences, direction and correct angles of transplanted hair, temporal points reconstruction	Dr. Kavish Chouhan
09:20	10	Stick & Place	Dr. Raif Umut Ayoglu
09:30	10	Surgical principles of a great hairline - a case study	Dr. Bijan Feriduni
09:40	10	Graft Placement Using Sharp Implanters	Dr. Antonia Andriopoulou
09:50	10	Q&A and Panel Switch	Moderator: Christian Bisanga
10:00	10	Recipient sites - different tools, microholes sizes and density, the maximum safe density per cm2	Dr. Christian Bisanga
10:20	10	Megasession and gigasession planning	Dr. Tsvetalin Zarev
10:30	10	Artificial Intelligence in Hair Transplantation: From Coverage Value to KE-Bot and KE-Hair Analyzer	Dr. Koray Erdogan
10:40	10	AI Tools to Increase the Efficiency of Pre-Surgery Patient Consultation and Post-Surgery Treatment Compliance	Michal Kasprzak
10:50	10	Safe steps to mastering the follicular anchoring technique	Dr. Leoncio Moncada
11:00	10	The Surgery Is Over. Is the Treatment? Rethinking Medical Therapy After Hair Transplantation	Dr. Ahmed Moghazy
11:10	20	Panel Discussion and Q&A	
11:30	20	Coffee Break	

FRIDAY, 11 SEPTEMBER

COMPLICATIONS, TREATMENT & REPAIR

Session 2		Complications & Treatment Approaches	Moderator: Dr. Ibrahim Jebai
11:50	10	Ultrasound Diagnostic of the Skin and the Risks of Ischemia and Necrosis Before and After HT	Dr. Carolina Palacio & Dr. Alvaro Tulio Fortes
12:00	10	Farmacological management in scalp ischaemia and necrosis	Dr. Jadwiga Muszalska
12:10	10	Oxygen-Based Therapies in Hair Transplant Surgery: Translating Scientific Evidence into Clinical Practice	Dr. Anayene Mendes
12:20	10	Causes of Poor Growth in Hair Restoration Surgery	Dr. Emre Ali Karadeniz
12:30	10	Management of rare Complications in hair restoration Surgery	Dr. Ibrahim Jebai
12:40	10	When to Say No	Dr. Sherif Hegazy
12:50	10	Panel Discussion and Q&A	
13:00	60	Lunch Break	

PHOTOSHOOT ALL
FACULTY & SPEAKERS

Session 3		Repair	Moderator: Dr. Anastasios Vekris
14:00	10	The Correction of an Improperly Designed Hairline Using the FUE Technique	Dr. Alba Gómez
14:10	10	Surgical Hairline Correction and Necrotic Scar Treatment Following Extensive Hair Transplantation - Case Report	Dr. Jadwiga Muszalska
14:20	10	Repair Cases	Dr. Bijan Feriduni
14:30	10	FUE Reconstruction by Extraction versus Laser Hair Removal	Dr. Özlem Bicer
14:40	10	Scar Restoration	Dr. Anastasios Vekris
14:50	10	HT in Scar and Special Consideration + Special Management	Dr. Felix Popescu
15:00	10	Secondary Hair Transplantation: Safeguards to Avoid Failing Again	Dr. Alonso Villanes
15:10	10	Q&A	
15:20	20	Coffee Break	

FRIDAY, 11 SEPTEMBER

CHALLENGING CASES & SPECIAL PROCEDURES

Session 4		Challenging Cases & Special Procedures	Moderator: René Rodríguez
15:40	10	Red and sensitive scalp: Diagnosis and management of challenging cases	Dr. Nestor Carreno
15:50	10	Hair Transplantation in Frontal Fibrosing Alopecia	Dr. Han Na No Park
16:00	10	Hair Transplantation in Cicatricial Alopecia	Dr. Alex Ginzburg
16:10	10	Eyelash Transplantation - New Possibilities of Use	Dr. Mariana Myslovych
16:20	10	Eyebrow Reconstruction	Dr. René Rodríguez
16:30	10	SMP	Picasso Jeff
16:40	10	Q&A and Panel Switch	Moderator: Alejandro Gonzalez
16:50	10	Long Hair FUE in Female Patients	Dr. Bird Kotchamol
17:00	10	Restoration Cases with Long Hair FUE	Dr. Alejandro Gonzalez
17:10	10	Long Hair FUE	Dr. Tayfun Oguzoglu
17:20	10	Using Beard as a Donor	Dr. Ozgur Oztan
17:30	10	Direct Approach Technique: Optimizing No-Shave Hair Transplantation	Dr. María Asensi
17:40	10	Megasessions in Long Hair FUE	Dr. Hudson Lázaro
17:50	10	Long Hair FUE: Hair Transplantation Without Donor-Area Shaving: Indications, Risks, and Instrumentation	Dr. Shorakhmat Shorakhmedov
18:00	10	Panel Discussion and Q&A	
GALA DINNER at Restaurant U Wieniawy Bus departure from Crowne Plaza: 19:30

SATURDAY 12 SEPTEMBER

WARSAW AESTHETIC CLINIC

WHERE MEDICINE MEETS ART

One of Poland's most modern aesthetic clinics

Warsaw Aesthetic is a state-of-the-art, comprehensively equipped clinical facility that brings advanced technology and an experienced multidisciplinary medical team together in one setting. Its modern infrastructure is designed to support high standards of safety, patient care and precise, natural-looking results.

2 ADVANCED OPERATING ROOMS

Modern surgical facilities

ROOMS FOR 10 PATIENTS

Comfortable clinical accommodation

PRIVATE VIP ROOM

Dedicated single-bed room

LIVE SURGERY TRANSFERS • SATURDAY 12 SEPTEMBER

Hotel-to-clinic buses rotate from approximately 08:00 to 10:00, with an additional departure at approximately 12:00. Return transfers to the hotel operate between 14:00 and 15:00. Confirmed meeting points will be available at the Registration Desk.

Host: Dr. Jakub Miszczuk · Warsaw Aesthetic, Wąflowa 7A, Warsaw · warsawaesthetic.com

TRANSPORTATION & LOGISTICS

GALA DINNER

Friday, 11 September

A bus will operate in rotation between the official congress hotel and U Wieniawy Restaurant, beginning at 19:30. Return transfers from the Gala Dinner venue to the hotel will depart at approximately 23:00 and 00:00. The restaurant is approximately 1.5 km from the hotel. Guests may also travel conveniently by Uber or Bolt. Confirmed schedules and meeting points will be available at the Registration Desk and through the official WhatsApp Community.

GALA DRESS CODE: FESTIVE CHIC

LIVE SURGERY & WORKSHOP DAY

Saturday, 12 September

Shuttle buses will operate between the official congress hotel and Warsaw Aesthetic Clinic. Morning departures will begin at approximately 08:00, with buses operating in rotation until 10:00. An additional departure will be available at approximately 12:00 for participants joining lunch and the afternoon sessions beginning at 13:00. Return transfers from the clinic to the hotel will operate between 14:00 and 15:00.

VENUE & TRAVEL

Crowne Plaza Warsaw - The HUB

Rondo Ignacego Daszyńskiego 2, Warsaw, Poland

The congress venue combines meeting facilities, accommodation and direct access to Warsaw's business district.

01 ARRIVAL

Warsaw Chopin Airport is approximately 7 km from the hotel. Travel time by car is usually around 15 minutes, depending on traffic.

02 METRO & PUBLIC TRANSPORT

Rondo Daszyńskiego metro station is approximately one minute from the hotel. Warsaw also has extensive tram and bus connections.

03 UBER & BOLT

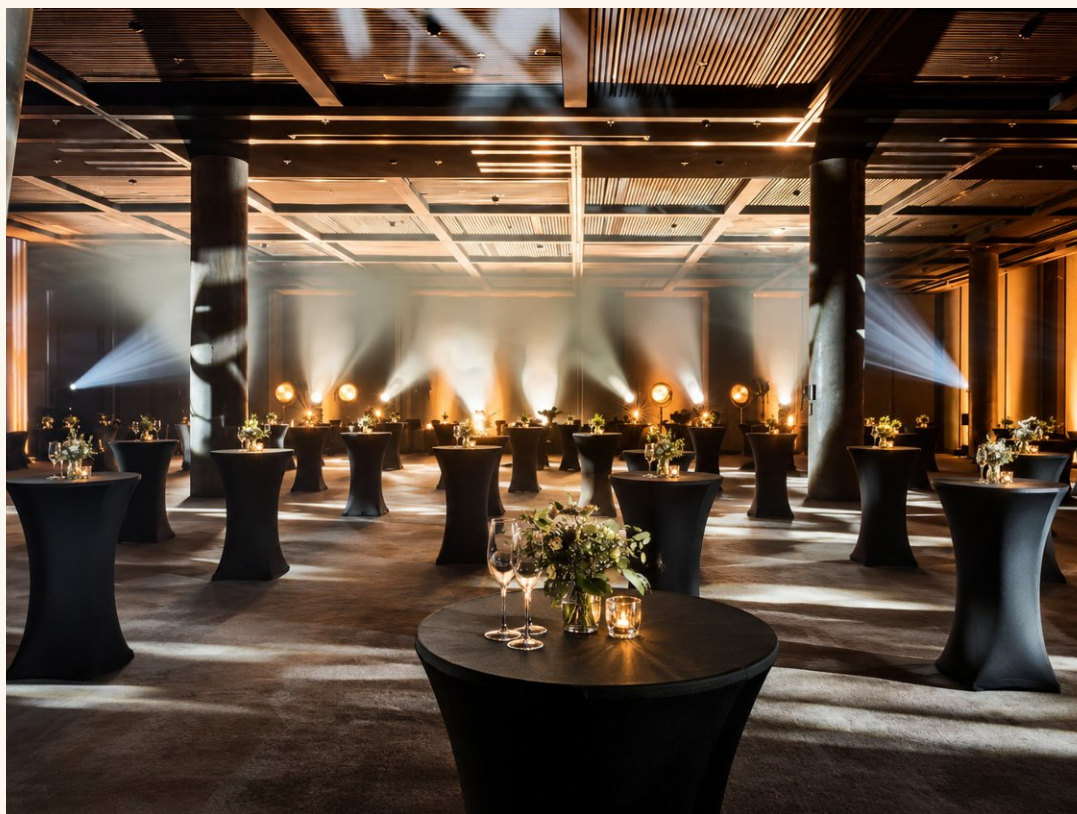

For convenient door-to-door travel in Warsaw, use the Uber or Bolt app. Confirm the licence plate and driver details before entering the vehicle.

04 EVERYTHING ON SITE

Accommodation, scientific sessions, the sponsor area, Registration Desk and Welcome Cocktail are all located within the congress venue.

THURSDAY 10 SEPTEMBER

WELCOME COCKTAIL PARTY

IMMEDIATELY AFTER THURSDAY'S SCIENTIFIC PROGRAM

FINGER FOODS · DRINKS · DJ · DANCING

Celebrate with colleagues and friends in the congress area. Enjoy finger foods and drinks, music from the DJ and dancing as we open the Warsaw meeting together.

U WIENIAWY - FRIDAY 11 SEPTEMBER

WHERE HISTORY DINES WITH ELEGANCE

U WIENIAWY

THERE IS ONLY ONE SUCH PLACE IN POLAND

U Wieniawy is not merely a restaurant - it is an experience and a revival of fabled Officers' Cuisine, where Poland's culinary heritage meets the cosmopolitan flair of the wider world. The familiar becomes extraordinary, prepared with the gallant spirit of a cavalryman.

Inspired by General Bolesław Wieniawa-Długoszowski - one of the most dazzling figures of interwar Warsaw - the restaurant honours his wit, sophistication and joie de vivre. Its kitchen offers a refined interpretation of the classic Polish table, balancing authenticity, freshness and invention.

"Chased I've always been by Love's three forces: pretty women, cognac and horses."

Wieniawa, an epigram

THE EVENING

Bus 19:30 · Dinner 20:00-00:00 · Returns about 23:00 and 00:00 · Festive chic

U Wieniawy, Plac Piłsudskiego 9, 00-078 Warsaw

GALA TICKETS · BOOK ONLINE IN ADVANCE

Admission requires a valid Gala ticket. If Gala is not included in your registration category, an extra ticket is EUR 100. Buy at www.fue-europe.org (Warsaw registration) or at the Registration Desk, subject to availability. Food, 3 drinks and entertainment are included.

USEFUL BEFORE YOU TRAVEL

POLAND ESSENTIALS

01

LANGUAGE

Polish is the official language. English is widely spoken in hotels, restaurants and central Warsaw.

02

CURRENCY

Polish złoty (PLN). Cards and contactless payments are widely accepted; a small amount of cash can still be useful.

03

WEATHER

September is usually mild but changeable, commonly around 11-20 C. Pack light layers and a compact umbrella.

04

ELECTRICITY

230 V / 50 Hz. Poland uses Type E sockets; standard European two-pin Type C plugs generally fit.

05

TIME ZONE

Central European Summer Time (CEST), UTC+2 during the meeting.

06

EMERGENCY

Dial 112 for police, ambulance or fire services throughout the European Union.

TRAVEL TIP

Uber and Bolt are often the easiest options for short journeys in Warsaw. Public transport is extensive and reliable for exploring the city.

A CITY OF RESILIENCE, CULTURE AND MODERN ENERGY

WARSAW

Historic character. Contemporary confidence.

Warsaw combines a carefully reconstructed UNESCO-listed Old Town with a dynamic modern skyline, acclaimed museums, green parks and a lively riverside. The city was rebuilt after extraordinary wartime destruction and today stands as one of Europe's most compelling stories of renewal.

01

OLD TOWN & ROYAL CASTLE

Walk through Castle Square, colourful merchant houses and cobbled streets in Warsaw's historic heart.

02

PALACE OF CULTURE

The city's landmark tower offers a panoramic observation deck and a striking meeting point between old and new Warsaw.

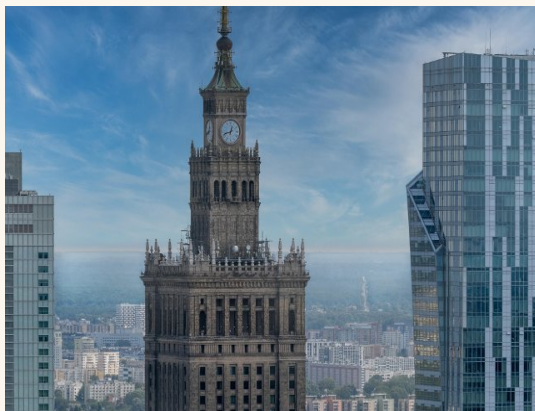

IDEAS FOR TIME BETWEEN SESSIONS

EXPLORE WARSAW

OLD TOWN & CASTLE SQUARE

UNESCO World Heritage architecture, cafés, photography and the Royal Castle.

PALACE OF CULTURE & SCIENCE

An iconic Warsaw landmark with city views from its observation deck.

MORE TO DISCOVER

Łazienki Park and the Chopin Monument · Warsaw Uprising Museum · POLIN Museum · Vistula River Boulevards · contemporary galleries, cafés and Polish cuisine

A CITY BEST EXPERIENCED ON FOOT

Central Warsaw is compact, while the metro, trams, Uber and Bolt make longer journeys straightforward. Allow time for an evening walk through the Old Town or along the Vistula.

- Platelets
- Growth factors
- Soluble mediators
- Fibrin-forming proteins
- Plasma proteins

PPP and PRP are processed together through tangential flow ultrafiltration to concentrate the complete autologous plasma secretome into one patient-specific preparation.

exosmart

The complete autologous plasma secretome - concentrated at the point of care, from the patient's own blood
